Two Are Killed in Wreck.

Duquoin, Ill., April 8.—The Chicago-Cairo express on the Illinois Central railroad collided with a coal train near here Friday. The fireman of the passenger train was killed, and the engineer slightly hurt. Some of the passengers were shaken up, but none of them sustained injury.

Sixty Families Made Homeless.

New York, April 8.—Sixty families were made temporarily homeless, 500 persons thrown out of employment and property valued at $60,000 was destroyed by fire at Eighteenth street and Ninth avenue, Brooklyn. The principal loss was sustained by several manufacturing firms.

PASSENGERS BARELY ESCAPED.

And the Coolheadedness of Skipper Saved All on Board.

New York, April 8.—Seven passengers and a score of the crew of the steamboat City of Troy, which was burned in the Hudson river at Dobbs Ferry, arrived in the city early Saturday. The passengers looked little worse for their experience, but it was different with most of the crew.

They were asleep in their bunks when the fire was discovered, and had no time to get together their belongings.

All agreed that Captain Bruder, the skipper of the City of Troy had acted wisely in the crisis. They said he was the bravest man on the boat and it was not until the last person had been safely landed that he made his way through the smoke to the pier at Dobbs Ferry.

R. A. Keller, of Troy, N. Y., in speaking of Captain Bruders' coolheadedness, says:

"The skipper came into the saloon and informed us in a cool business-like way that bad luck had come our way and that the boat was on fire. Several of the women appeared to be on the verge of going into hysterics but the skipper had foreseen all that and assured them that the greatest danger of all lay in their losing their heads. Then he told us what to do and where to go, and hurried back to his place on the bridge and directed the boat into her pier."

Saugus, Mass., April 8.—Two men were burned to death in a fire which destroyed the H. B. Newhall Tide mill early Saturday. The dead are:

Oscar Ellis.

Michael Desmond, of Malden.

The Tide mill was the last of the Tide mills along the Saugus river.

South Windham, Conn., April 8.—One woman, Mrs. Laura Backus, an insane patient, lost her life in a fire which destroyed the grand View sanitarium here early Saturday. All the other patients were taken out without harm, although there was no time to clothe them.

Burns Himself Alive.

Memphis, Apr. 8.—Ed Murphy, a painter of St. Louis, committed suicide Saturday in a horrible manner. Murphy, who was employed on the new business men's club, now in course of erection, climbed to the roof of the building and, pouring a gallon of benzine over his clothing, set fire to himself. The flames attracted the attention of his fellow workmen, and the fire department was called out. All efforts to rescue Murphy proved futile and the young man was literally burned to ashes. His remains were carried carried away by fellow workmen in a basket. Murphy's friends say he was insane.

Received by the Pope.

Rome, April 8.—Monsignor Beldasarri, bishop of Imola, was received Saturday by the pope and papal secretary of state, Merry Del Val, to whom he reported the result of the inquiries he had made regarding the miracles attributed to the late pope, Pius IX for use in his beatification. The bishop pointed out the political and religious influences which the canonization of the pope, who was deposed from temporal power would have throughout the world. Pope Pius before being elected pope was bishop of Imola.

Champion Tennis Player Weds.

Boston, April 8.—Miss D. K. Douglass, champion lawn tennis player in singles, was married at Ealing Saturday afternoon to R. L. Chambers. It is expected that the champion will not defend the title this year.

Opera House Manager Dies.

Boston, April 8.—Charles W. Strine, manager of the Metropolitan Opera company, of New York, died Saturday at the Boothby hospital in this city. Mr. Strine was operated on for appendicitis eight days ago.

Wants Charter Abolished.

Nashville, April 8.—Senator Potter, of Campbell county, Saturday introduced a bill to abolish the charter of Nashville. The object of the bill is to do away with the saloons here.

TWENTY FIVE DEATHS IN CYCLONE'S PATH

Bodies of Man and Woman Are Found In Trees.

LESS THAN HALF ARE WHITE

Passenger on Mississippi Packet Tells of Thrilling Experience When They Were Caught in Middle of River by the Cyclone.

New Orleans, April 8.—Fully 25 deaths and more than twice as many serious injuries resulted from Friday's tornado through Louisiana, Mississippi and Alabama.

Less than half of those killed were white persons. Among the last bodies found were those of a man and a woman in trees at Alexandria, La.

The experience of being caught by the tornado in the middle of the Mississippi river on a steer wheel packet is described by Louis Knopp, who was aboard the Betsy Ann.

"The smokestack and stage plank were blown away in a jiffy," said Mr. Knopp, "and the boat began tossing from side to side like a cradle. I'm a pretty strong man, but the wind was so terrific at one time that it was all I could do to keep hold on the railing of the boat. The pilot turned the boat's bow toward the bank and managed to drive her nose into the levee, but by this time, the upper works of the steamer were barely able to stand alone."

Three women passengers were safely landed on the levee with the aid of a skiff.

He Made Bond; Then Skipped.

Tifton, Ga., April 8.—George M. Mentzel, arrested last Thursday on a charge of bigamy, having married Mrs. Sallie Dent last fall while he had a living wife in Indianapolis, Ind., was released under a $1,000 bond Friday, G. B. Courtney going his surety. As soon as he was clear of the jail door Mentzel skipped out, and he is now being searched for by Officer Thrasher, who offers a reward of $25 for his arrest. Two days after his departure his last wife, alias Mrs. Dent, quietly left town, and it is supposed has gone to join him. Hentzel is described as bein 42 years of age, weighing 145 pounds, and the middle finger of the left hand is missing at the knuckle. He is an expert machinist and locomotive engineer.

Senator Pettus Enters Protest.

Washington, April 8—Senator Pettus, of Alabama, has lodged with the president a protest against the appointment of Oscar R. Hundley to be a Federal judge in that state. After seeing the president, the senator said that he did not regard Mr. Hundley as fit for the place, and that nine-tenths of the men of his own party were against him. Mr. Hundley's appointment has not been formally announced at the White House, but it is understood the president has practically made up his mind to appoint him.

Man and Wife Found Dead.

New York, April 8.—Patrick Cavanaugh and his wife, Bridget, were found dead in a Brooklyn lodging house Saturday. The room was filled with gas, which had escaped from a tube which had become disconnected from a gas heater, presumably by accident. The couple had planned to leave the city on Saturday for the Adirondacks, where they had obtained employment on the William Rockefeller estate. Cavanaugh was 40 years of age; his wife 35.

School Teachers for Philippines.

Washington, April 8.—One hundred and twenty American school teachers will sail for the Philippines before June 1. The first of the new teachers will go on the Korea, sailing from San Francisco on April 23. Most of the new teachers are men as the Philippines commission prefers them to women, because of the hardships which must be endured at interior towns. All of the teachers sent to the islands are subject to civil service examinations.

ORDERS ITS EVACUATION.

Bonilla's Troops Retire from the Honduran Capital.

Puerto Baarrios, Guatemala, April 8.—After the battl eof Namasique, in which the forces of Honduras were defeated by the Niciraguans, President Bonilla withdrew and occupied Amapala, which place is fortified and defended by a strong force of Honduraus. Tegucigalpa, the capital of Honduras, was considerably weakened by forces being sent to Generals Barahona and Christmas, who were defeated after eight day's fighting at Namasique, and a mutiny occurred in the garrison at the capital. President Bonilla sent instructions from Amapala authorizing General Satrunine Medal to evacuate Tegucigalpa if he was unable to defend it and save the city from bombardment and looting. The city was evacuated.

The forces of President Bonilla and General Medal are now uniting with the army of President Figuerfa, of Salvador, on the fronties, where the combined armies are being massed for continuing the war.

General Solomon Ordonez, the Honduran minister of war, arrived at Puerto Cortez, and has taken command of the coast defenses. President Bonilla's forces occupy all the cities and towns on the north coast of Honduras except Trupillo, and the principal ports of the republic, Amapala and Puerto Cortez.

TRIED TO KILL ENTIRE FAMILY.

Rhein Shoots His Mother in Law and Father in Law, and Misses Wife.

Chicago, April 8.—Adam C. Rhein, 50 years old, shot his father-in-law, Robert Rommell, and his mother in law, Mrs. Minnie Rommell, and then killed himself by firing a bullet into his brain.

Friday, Rhein and his wife quarreled, and she left him, and went to his parent's home, at 261 Twenty-ninth street. It was reported to Rhein that she had commenced proceedings for a divorce, and he decided to kill his wife. He placed three revolvers in his pockets, and went to the house in which the Rommells lived, and kept a confectionary store.

Mrs. Rhein saw him enter, and ran out the back door. Rhein fired at her twice, but missed her. He then shot Rommell twice through the left lung, and shot Mrs. Rommel through the body, the ball striking her just below the heart. Rhein then killed himself.

At the hospital, to which Rommell and his wife were taken, it was said that both will die.

Will Remove Body in May.

Rome, April 8.—Announcement has been made that it has been decided by the Italian and vatican authorities that the transportation of the body of Pope Leo XIII to the Basilica of St. John lateran will take place in the month of May. The funeral procession will start at 8 o'clock in the morning and will be public, all the high ecclesiastics and Catholic societies taking part. Italian troops will line the route to tender military honors to the dead pontiff. The use of the Italian soldiers, with the consent of the vatican authorities, is regarded as important by the press, and independent tickets. It is stated that while it is not an explicit recognition of the status quo, it constitutes an acceptance of the present political situation of Italy by the vatican.

Pope Attends Entertainment.

Rome, April 6.—The pope, his sisters, Cardinal Merry Del Val and several other prelates attended an entertainment recently, given by Engineer Vannunci, an employe of the vatican, who showed views of the chief cities of the United States by means of a bioscope. The pictures were mainly of New York and Washington, D. C. He explained each picture briefly. The pope thanked the engineer warmly and said that he felt that he had almost realized his wish to visit the new world.

Busse's Official Plurality.

Chicago, April 8.—The board of election commissioners announced on Saturday that the official plurality of F. A. Busse, republican candidate in the recent election was 12,923.

10 WORKMEN ARE KILLED BY STRIKERS

Another Fatal Outbreak at Lodz, Russian, Poland.

OPPOSED RESUMPTION OF WORK

Factory Managers Have Begun to Re-Engage Men, But There Is Little Chance of Work Being Resumed Peacably.

Lodz, Russian Poland, April 8.—Ten workmen were shot and killed by strikers in the factory district at this city Saturday because they attempted to resume work.

The managers of the factories have begun to re-engage the men, but the strikers are bitterly opposing a resumption of work.

Four Peasants Killed.

Stavrorol, Russia, April 8.—Four peasants were killed and three injured in a conflict between villagers of Jalga and some rural policemen who had arrested a peasant. The police were forced to abandon their prisoner and retire.

Scurvy Making Great Strides.

St. Petersburg, April 8.—Scurvy is making great strides in the famine districts. The official report for the second fortnight of March shows 1,055 cases in Ufa province and 717 in Saratov, compared with 438 cases in Ufa, the first fortnight of March and 356 in Saratov province during the same period. There has been a slight decrease in the spread of the typhus. The project to transfer the famine relief from the government to the Zemstvos has been approved by the cabinet and will be admitted to parliament.

Was Blind for Several Years.

Knoxville, April 8.—Frank S. Atkin, president of the Tennessee Mantel Manufacturing company, limited, one of Knoxville's leading business men, who, for years, has been scarcely able to see, on account of a cataract upon his eyes, has suddenly recovered his sight, so that he can read without glasses. The ligaments of the cataract severed of their own accord, and the obstruction is partially removed. Mr. Atkin's physician thinks the relief will be permanent.

Fatally Injured by Gas Explosion.

Columbus, O., April 8.—Rev. J. J. Blackshear, who came here from Marshall, Tex., three weeks ago, to take the pulpit made vacant by the death of the noted negro minister, Rev. James Poindexter, was fatally injured by an explosion of natural gas. He went to Alonzo Davis' room and lit a match. He was blown through a window 15 feet to the ground. Davis was badly burned. The house was partly wrecked.

Block of Buildings Burned.

Samson, Ala., April 8.—One of the largest fires that has been in Samson occurred Friday originating in the building occupied by the Simpson Drug company, the Samson Telephone company and Drs. Eiland and Lewis, starting, it is presumed, in one of the second story rooms occupied as offices. The property was partially covered by insurance, except the Drummers' hotel, with no insurance.

Recommended for Postmaster.

Washington, April 8.—Senators Cullom and Hopkins have recommended to the president the appointment of Daniel A. Campbell, of Chicago, to be postmaster of that city to succeed Frederick A. Busse, who has been elected to the mayoralty. Senator Hopkins said he expected the appointment to be announced Saturday. Mr. Campbell is now a state senator.

Finishes Remarkable Auto Tour.

Paris, April 8.—M. Van Marfbeke has just finished a remarkable automobile tour. Starting out on Feb. 4 for a tour of France, he traveled for 58 days, covering 9,617 kilometers. The automobile club will tender him a banquet.

THE WOODMEN'S CIRCLE.

Will be Organized Next Friday With Large Membership.

Mrs. S. A. White, organizer of the Woodmen's Circle, an adjunct of the Woodmen of the World, has been working for the past two or three weeks in this city in the matter of establishing a lodge here, and has been quite successful, having succeeded in securing a goodly number of names, among whom are some of the best people in Gainesville.

Mrs. White made The Sun a pleasant call Monday, and requested this paper to announce that the Circle would be organized next Friday evening in Masonic hall, when all who have signed the charter list are requested to be present.

ELKS ARE PROGRESSIVE.

Will Have Election Returns Sent in by 'Phone at Home Tonight.

This evening being the regular meeting-night of Gainesville Lodge No. 990, B. P. O. E., and being aware that those in attendance will be interested in the returns of the municipal election, it has been arranged by those in authority to receive the returns by 'phone at intervals of every few moments.

This action will be appreciated by the members in attendance, as it will keep them posted during the progress of count without the necessity of staying around the polls.

Card From Marshal Pinkoson.

To the Voters of Gainesville:

Some time ago I announced my candidacy for marshal of this city, and in so doing I desire to pledge to the people of Gainesville my every effort in upholding the ordinances and enforcing the laws of our city.

I served the people of Gainesville in the capacity of marshal for several years. During the time I have been your marshal I have tried to do my duty fearlessly and without showing partiality to any man. In enforcing the laws of our city I have incurred the enmity and ill-feeling of quite a number of people, but that is not my fault—if the fault of anyone it is of the council that passed the law.

Some are fighting me on account of my impounding cattle. I am not responsible for the cow law. This ordinance was passed by our council, and so long as I am marshal and it remains a law I shall enforce it without fear or favor, and the only relief is in its repeal.

I desire to say in regard to the statement contained in a card sent out by my opponent that he will wear the uniform provided by ordinance and will see that his assistant does also: first, that there is no such ordinance, and second, he has nothing to do with the appointment of his assistant.

In conclusion I promise the citizens of Gainesville, if elected, to discharge my duties in the future as I have in the past, and my record is open to the inspection of the public, and I am in no wise ashamed of it.

Respectfully,
CHAS. PINKOSON.

Visited Rebekah Lodge.

Grand Master L. J. Lester of the Masonic Fraternity of Florida, who resides in Tampa, paid Colfax Rebekah Lodge No. 2 an official visit Friday night, at which time the work was put on for the benefit of the distinguished visitor. Grand Master Lester was well pleased, and made an interesting address to the lodge, complimenting the membership very highly. Delicious refreshments were served, and altogether the occasion was most enjoyable.

Sunday Night's Rain.

Between midnight and dawn Sunday this section was visited by a light shower, but it was of such brief duration that very little good was accomplished. As the wind was very high on Monday the dust was very disagreeable, and only pedestrians who were compelled to come upon the streets ventured out.

The Richest Man in the World.

The richest man in the world cannot have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." J. W. The Value and Importance of Ethical Remedies.

Remedies which physicians sanction for family use, as they act most beneficially and are gentle yet prompt in effect, and called ethical, because they are of

Known Excellence and Quality and of Known Component Parts.

To gain the full confidence of the Well-Informed of the world and the approval of the most eminent physicians, it is essential that the component parts be known to and approved by them, and, therefore, the California Fig Syrup Company has published for many years past in its advertisements and upon every package a full statement thereof. The perfect purity and uniformity of product which they demand in a laxative remedy of an ethical character are assured by the California Fig Syrup Company's original method of manufacture, known to the Company only.

There are other ethical remedies approved by physicians, but the product of the California Fig Syrup Company possesses the advantage over all other family laxatives that it cleanses, sweetens and relieves the internal organs on which it acts, without disturbing the natural functions or any debilitating after effects and without having to increase the quantity from time to time.

This valuable remedy has been long and favorably known under the name of Syrup of Figs, and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of Syrup of Figs and Elixir of Senna, as more fully descriptive of the remedy, but doubtlessly it will always be called for by the shorter name of Syrup of Figs; and to get its beneficial effects, always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for Syrup of Figs, or by the full name, Syrup of Figs and Elixir of Senna, as Syrup of Figs and Elixir of Senna is the one laxative remedy manufactured by the California Fig Syrup Company, and the same heretofore known by the name, Syrup of Figs, which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

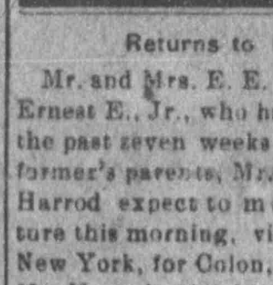
Returns to Panama.

Mr. and Mrs. E. E. Harrod and son, Ernest E., Jr., who have been here for the past seven weeks on a visit to the former's parents, Mr. and Mrs. A. F. Harrod expect to make their departure this morning, via Savannah and New York, for Colon, Panama, where Mr. Harrod, who is a Gainesville boy, has a carpenter's foreman contract. Mr. Harrod has been on the Isthmus in the employ of the I. C. C. in the construction of the Isthmian canal, and has been home on vacation. His numerous friends here will be glad to learn that he is prospering.

Change in Schedule.

A slight change has been made in the schedule on the Atlantic Coast Line. The time of arrival and departure of no through trains is announced, but the train from High Springs to Citra, which has formerly been leaving here at 4:10 p. m., is now due to leave at 3:15, fifty minutes earlier.

The Cause of Many Sudden Deaths.



There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

SHORT SESSION OF THE LEGISLATURE

Both Houses Adjourned in Memory of Senator Newlan.

DR. WARTMAN'S RESOLUTION

Asking the Appointment of a Committee to Draft New State Apportionment Bill—Governor Calls Special Election.

Special to The Sun:

Tallahassee, April 8.—The sessions of both Senate and House today were very brief, after which both adjourned in honor of Senator Newlan of Suwannee, recently deceased.

Mr. Wartman of Marion introduced a resolution asking for the appointment of a committee to draft a new State apportionment bill.

The Governor has called a special election in Suwannee county for May 9, to fill the vacancy caused by Senator Newlan's death.

R. F. D. ROUTES.

Two Additional Routes Will be Established Out of Gainesville.

The rural free delivery system which has been operating out of Gainesville for the past year seems to be giving the public eminent satisfaction, as the addition of two new routes is contemplated within the next few weeks, The Sun has been informed by Postmaster Lynch. There are three routes now in commission.

On Saturday, April 20, an examination will be held in Gainesville for R. F. D. carriers, which examination will be conducted under the civil service rules by Clerk Benj T. Arnow of the postoffice. Those interested and who desire to enter this examination should call upon the postoffice authorities at once for information and application blanks.

A salary of $720 per annum is now being paid to carriers working out of Gainesville, but this salary will be raised to $900 a year on July 1. Each carrier is required to provide his own team.

Card From Ben Arnow.

To the Voters of Gainesville:

I am a candidate for the position of City Marshal, at the solicitation of a number of representative citizens of this city. Being the candidate of no particular faction or interest, (as has been charged) if elected, will go into office unfettered by any promises to special favors. I solicit the vote and support of each and every voter, pledging, if elected, a faithful and conscientious performance of every duty devolving upon me. I further promise to provide myself with and wear the uniform prescribed by ordinance, and require the same of my assistant, which requirement the present incumbent has failed or refused to comply with.

Faithfully yours,

BEN T. ARNOW.

Gainesville, Fla.

Oct. 1, 1906.

Resolved, that the mayor be, and he is hereby directed to require, after September the 1st, 1906, the police force of the city to wear a prescribed uniform while on duty; the design of said uniform to be agreed upon by the mayor and marshal.

A true copy.

J. M. DELL, Clerk.

An Appreciated Gift.

One of the most highly appreciated gifts Shields Warren, the clever receiver at the United States land office, has ever received, was presented to that official a few days ago by Captain Maxey Dell, and which Mr. Warren declares will remain in his possession, Providence permitting, for the balance of his life.

The present is in the form of a pair of handsome buffalo horns which Captain Dell has had in his possession for several years. They are uniform, of a handsome finish, and Mr. Warren says he proposes to have them mounted.

Prominent Man Kills Himself.

Flowery Branch, Ga., April 8.—At an early hour Friday morning Tom Daniel, a retired farmer, who recently moved to this place from near the city of Gainesville, made an attempt at suicide by taking a heavy dose of laudanum, or some similar opiate. He will probably die. Mr. Daniel's wife died a few months ago under circumstances which strongly pointed toward suicide, and it is supposed that he, crazed brooding over her tragic death, is partly responsible for his own attempt at self-destruction.

The Municipal Club Has No Organ.

It does not own a newspaper nor a printing house. It is impossible to reply to anything that the Administration side may publish between now and the election. But we give to the voters notice that the figures published in our article "to the voters" and in the article headed "From the Municipal Club," "some figures given in regard to the condition of the bond fund," published in the Sunday's edition of The Sun, are the figures as appear upon the city books, and are vouched for by the Municipal Club.

Since writing the above a handbill is sent to the voters signed by E. Baird, containing misleading statements. The League made no insinuations—it stated facts and figures which are exact copies of the books of Board of Bond Trustees, which are open to the public. Please inspect same before voting. The League knows of no reputable members who have left, but numbers of the best citizens are daily pledging their support of our ticket and declaration of principles.

Do not place any reliance upon any statement published today, for the parties are well aware that it cannot be answered, and all such articles are cowardly. It is like the plunge of the dagger into the back—ADV.

CURES ALL SKIN TROUBLES.

Sulphur the Accepted Remedy for a Hundred Years.

Sulphur is one of the greatest remedies nature ever gave to man. Every physician knows it cures skin and blood troubles. HANCOCK'S LIQUID SULPHUR enables you to get the full benefit in most convenient form. Don't take sulphur "tablets" or "wafers," or powdered sulphur in molasses. HANCOCK'S LIQUID SULPHUR is pleasant to take and perfect in its action. Druggists sell it.

A well known citizen of Danville, Pa., writes: "I have had an aggravated case of Eczema for over twenty-five years. I have used seven 50-cent bottles of the LIQUID, and one jar of your HANCOCK'S LIQUID SULPHUR OINTMENT, and now I feel as though I had a brand new pair of hands. It has cured me and I am certain it will cure anyone if they persist in using HANCOCK'S LIQUID SULPHUR according to directions.

HIGH SPRINGS HAPPENINGS.

Smoker and Banquet by K. of P., and Dance by Pythian Sisters.

High Springs, April 8.—Mrs. G. W. McCall, who has been very ill for several days, is reported no better, and the attending physicians, Drs. Hodges and Bishop, hold out no hope of her recovery.

Mrs. Eugene Gramling is critically ill but her symptoms show no fatal development as yet. The town is in gloom over these cases, as both ladies are well known and greatly loved.

Mrs. M. F. Roberts, and her daughter, Mrs. Ola Brink, moved to Atlanta this week, much to the regret of their many friends. They were among the first families of the place, and closely identified with the social life of the town. Their loss will be long felt here.

Household Economics Day was observed in the New Century Club at its last meeting, which was with the chairman of that department, Mrs. M. P. Summers. This charming hostess and club woman is very energetic in the interests of her department and had prepared a very entertaining and instructive program. One feature of it was the display of original dishes by the club members, the recipe of each being given. Some elegant salads, and desserts, with home-made bread and confections, were displayed, which proved that club women could be skilful in the the culinary as well as other arts.

The Knights of Pythias gave a smoker and banquet Monday night, expecting the Grand Chancellor. He was prevented from attending on account of the inclement weather.

The ball given by the Pythian Sisters for the benefit of their lodge, Tuesday night was a success, socially and financially.

Right Breathing Cures Catarrh.

Simple Way to Kill Catarrhal Germs in Nose, Throat and Lungs.

If you cut your finger, you don't attempt to heal it by swallowing a pill or a dose of medicine.

It is just as foolish to try and cure catarrh of the nose and throat with pills and stomach dosing, for catarrh is a local disease, and needs special local healing treatment.

The only natural and common-sense method known for the cure of catarrhal troubles is Hy-o-mei. It is breathed through an ingenious pocket inhaler, so that its medicated air reaches the most remote air-cells of the nose, throat and lungs, killing all catarrhal germs, soothing the irritated mucous membranes, and restoring a healthy condition.

If you suffer from catarrhal troubles, such as offensive breath, raising of mucous, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing, or a feeling of tightness across the upper part of the chest, you should begin to use Hy-o-mei at once. It will destroy all disease germs in the nose, throat and lungs, and provide the blood with additional ozone.

The complete Hy-o-mei outfit with inhaler costs but $1. So strong is J. W. McCollum's faith in the power of Hyomei to cure all catarrhal troubles, that with every dollar outfit, he gives an iron-clad guarantee to refund the money unless the remedy gives satisfaction.

Limitations of Armament.

Paris, April 8.—The limitations of armaments will be the subject of an interpellation of the government at the re-opening of the chamber of deputies, when M. DePressense, unified socialist, will ask foreign Minister Pichon to explain the instructions given to the representatives of France who are to attend the peace conference at The Hague, and also to announce what attitude France will adopt at the conference relative to the questions of disarmament, arbitration and the protection of the neutral.

Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

No more Alcohol

As now made, Ayer's Sarsaparilla does not contain the least particle of alcohol in any form whatever. You get all the tonic and alterative effects, without stimulation. When a stimulant is needed, your doctor will know it, and will tell you of it. Consult him freely about our remedies.

We have no secrets! We publish the formulas of all our preparations.

Women's Pains

"I was a total wreck," writes Mrs. Beulah Rowley, of Champoeg, Oregon, "from pains I had suffered, for 4 years, every month. Sometimes I would be unconscious for 12 hours at a stretch. I did not know that anything could stop the pain entirely, but Wine of Cardui did. I advise all women suffering with painful periods to use Cardui and be relieved."

It does this by regulating the functions and toning up all the internal female organs to health. It is a pure, specific, reliable, female remedy, with a record of 70 years of success. It has benefited a million others. Why not you? Try it.

J. W. Aplin and daughter, Miss Amy, of Plainfield, Wis., who have been here for the past few months with Mr. and Mrs. Sanborn, left for their home yesterday via Daytona. After a brief sojourn there they will go northward. This is the first season of the Aplins here, and they were delighted with the city and its people, and admiration appeared to be unanimous. Miss Aplin, who possesses a beautiful voice, has been of great assistance to the Presbyterian church choir and the societies here, all of which is appreciated. Her numerous friends trust to see her return early next season.

Remember that the only hope of the people from oppression and misrule is the exercise of the franchise. A free ballot, unpurchased and unpurchasable by anyone is the only safegard of the poor man. The Administration and its friends are fighting for life; they will resort to every means in their power, use any kind of an argument to induce you to vote their way; Yes, money is plentiful with them and if pockets are open, you may be offered a price for your vote. Just remember this is not honest politics; remember your life, your homes, your loved ones, your God, and vote the Municipal Ticket.—Adv.

Postmaster Appointed in Maryland.

Washington, D. C., April 8.—The new rural free delivery was called into use at Mount Airy, Md., for the first time in 20 years today. Brooks, negro, was tarred and feathered on his bare back Sunday night. Details, in connection with the negro's jail sentence for [illegible]. The negro treated the matter lightly, and smiled after it was over.

Seventeen Killed in R. R. Wreck.

Monterey, Mexico, April 8.—In a head-on collision between two freight trains on the Mexican railway (Old Vera Cruz line) between the stations of Rincon and Tamarindo, seven men were killed outright and traffic was completely blocked for eleven hours. Seventeen others were injured, and the cause of the wreck is not known. The engineers of both engineers, American and Mexican, are Mexicans.

Cardinal Merry Del Val Will Resign.

Rome, April 8.—A dispatch to a local paper states that there is a rumor that Cardinal Merry Del Val will resign his post as papal secretary of state. As a result of the publication of the Montagnini papers. He will not resign, however, because of the sensation caused by their publication has abated.

A RELIABLE STRENGTH CREATOR

Vinol is the latest scientific production of the greatest tonic rebuilder the world has ever known, namely, cod liver oil.

In Vinol the useless, system-clogging, nauseating oil is eliminated, and the medicinal, curative elements known to exist in the cod's liver are administered in a highly concentrated form, with tonic iron added.

This is why Vinol is so strongly recommended by physicians and guaranteed by over five thousand of the leading druggists of the United States as a body-builder and strength-creator for old people, weak women, puny children, after sickness, and for all pulmonary diseases. The doctor knows what he is giving, and the patient knows what he is taking.

Our leading druggist, W. M. Johnson, says: "We sell Vinol on a guarantee that it is and will do all we claim for it, or refund money without question."—W. M. Johnson, Druggist.

NOTE.—While we are sole agents for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.

Could Have Saved His Wood.

A number of years ago a village in the eastern part of the town of Middleboro was very much wrought up over the introduction of a musical instrument in its church service. At the final meeting when the matter was to be settled excitement ran high. One man whose reputation for honest dealings was not always above suspicion made a fiery speech in opposition. A neighbor whose back yard joined the speaker's could hardly wait for the close of the remarks. Then, jumping to his feet, without waiting to address the chairman, he said: "Gosh, sir, if I had known the gentleman was so afraid of an organ I should have had one hung on my wood pile years ago."—Boston Herald.

Not the Same Man.

District Attorney — What's your name? Prisoner—James Bruce. District Attorney—Ain't you the same man I sent to state prison for five years about six years ago? Prisoner—No, sir. District Attorney—What? Not the same man I sent to prison for burglary six years ago? Prisoner—No, sir. District Attorney (turning to jury with a "got him dead to rights" leer, then turning to prisoner)—Your name is James Bruce of Boston, Mass., isn't it? Prisoner—Yes, sir. District Attorney—And do you stand there and solemnly swear I never sent you to state prison? Prisoner—Oh, yes, you sent me to prison for five years, but I have not been the same man since.

A Chinese Chair of Repentance.

The knife chair is an instrument of torture used in certain Taiping religious ceremonies, which takes the form of a straight backed armchair furnished with long blades wherever the body and limbs touch the chair. On the back the knives are placed horizontally; on the seat, as well as at the base for the feet to rest upon, vertically, while each arm is made of a similar blade, along the edge of which the sitter's arm rests. These blades are sharpened with a whetstone before us.—Wide World Magazine.

Negro Man Was Murdered.

Griffin, Ga., April 8.—Amos Austin, an old and respected negro man of this city, was found dead in his yard, having been struck a terrific blow on the head with a blunt instrument in the hands of some unknown person. William Jordan, a relative of Austin swore out a warrant against Joe Williams, charging him with the murder, and he was arrested on suspicion.

Negro Arrests Murderous Son.

Americus, Ga., April 8.—Arrested by his own father, upon the charge of attempted murder, Alexander Lucas was delivered to Sheriff Bell here Friday night. Lucas, it is charged, shot his younger brother, and attempted to shoot his father, Jerry Lucas, likewise, when overpowered and disarmed. Securely bound, the desperate negro was brought here and jailed.

Cured Hemorrhages of the Lungs.

"Several years since my lungs were so badly affected that I had many hemorrhages," writes A. M. Ake of Wood, Ind. "I took treatment with several physicians without any benefit. I then started to take Foley's Honey and Tar, and my lungs are now as sound as a bullet. I recommend it in advanced stages of lung trouble." Foley's Honey and Tar stops the cough and heals the lungs, and prevents serious results from a cold. Refuse substitutes. J. W. McCollum & Co.

Another Gift from Carnegie.

Pittsburg, April 8.—The gift of $6,000,000 to the Carnegie Institute announced by Andrew Carnegie Friday, swells the amount given by Mr. Carnegie to the library, institute and technical school here to $19,620,000, and raises the total of his benefactions in Greater Pittsburg to $32,500,000. It is said this is the largest sum given by any individual to any one community in all history.

Stomach and Liver Trouble Cured.

Orino Laxative Fruit Syrup cures stomach and liver trouble as it aids digestion, and stimulates the liver and bowels without irritating these organs like pills and ordinary cathartics. It cures indigestion and sick headache and chronic constipation. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. J. W. McCollam & Co.

Supplemental Bill of Equity Filed.

Concord, N. H., April 8.—A supplemental bill of equity called forth by the recent announcement that the property of Mrs. Mary Baker G. Eddy, had been transferred to three trustees was filed in the Merrimac county court Saturday by the original complainants or "next friends" in the suit for an accounting of Mrs. Eddy's property.

LIVER TROUBLE.

A dull, sluggish liver always brings a dull, sluggish feeling to the entire body.

MICHAEL SILK.

When the liver works properly the blood courses through the body in a bright red stream. When the liver is inactive the blood becomes dull and muddy, and it is full of poisonous matter.

A great many people try to get a fine, clear, pink and white complexion by rubbing things on their faces. They might rub a life time and the same yellow complexion would remain—for the liver causes it. Only bright, red blood brings fine complexions. Blood loaded with impurities from the liver sends the impurities out through the pores of the skin and turns the skin a brownish yellow.

To get rid of the dull, heavy feeling and muddy, yellow complexion get the liver to working again. Two bottles of Cooper's New Discovery will do this nine times out of ten though sometimes it takes four or five bottles.

Here's what a man who tried it says:

"My health had been poorly for several years. My face was yellow and covered with pimples, I was bothered constantly with chronic constipation, had little or no appetite and could not sleep well at night. I became weak and lost all ambition. I tried many different medicines but nothing seemed to help me until I began taking Cooper's New Discovery. It seemed to help me at once. Now, after I have taken several bottles I feel entirely well. My face is clear, I sleep well, have a good appetite and am quite myself again."

"I am deeply grateful for my restored health." Michael Silk, 24 Kentucky Ave., Indianapolis, Ind.

SCALY ERUPTIONS COVERED HIS BODY

Itched Constantly—Scratched Until Blood Flowed—Suffered 10 Years—Doctors and Medicines Were Fruitless—Tries Cuticura and Is Completely Cured

BY THREE BOXES OF CUTICURA OINTMENT

"When I was about nine years old small sores appeared on each of my lower limbs. I scratched them with a brass pin and shortly afterwards both of those limbs became so sore that I could scarcely walk. When I had been suffering for about a month the sores began to heal, but small scaly eruptions appeared where the sores had been. From that time onward I was troubled by such severe itching that, until I became accustomed to it, I would scratch the sores until the blood began to flow. This would stop the itching for a few days; but scaly places would appear again and the itching would accompany them. After I suffered about ten years I made a renewed effort to effect a cure. The eruptions by this time had appeared on every part of my body except my face and hands. The best doctor in my native county advised me to use arsenic in small doses and a salve. I then used to bathe the sores in a mixture which gave almost intolerable pain. In addition I used other remedies, such as iodine, sulphur, zinc salve, ———'s Salve, ——— Ointment, and in fact I was continually giving some remedy a fair trial, never using less than one or two boxes or bottles. All this was fruitless. Finally my hair began to fall out and I was rapidly becoming bald. I used ———'s ——, but it did no good. A few months after, having used almost everything else, I thought I would try Cuticura Ointment, having previously used Cuticura Soap and being pleased with it. After using three boxes I was completely cured, and my hair was restored, after fourteen years of suffering and an expenditure of at least $50 to $60 in vainly endeavoring to find a cure. I shall be glad to write to any one who may be interested in my cure. B. Hiram Mattingly, Vermillion, S. Dak., Aug. 18, 1906."

Cruelty of Mahouts.

"Kipling and other writers talk about the kindness that the Indian mahouts, or drivers, lavish on their elephants," said a missionary, "but as a matter of fact no overworked old cart horse suffers half the cruelty that falls to the Indian elephant's lot. The mahout sits on the elephant's head, a goad, or ancus, in his hand. With this goad he prods the elephant, and, though the prod is gentle, the animal responds with wonderful alacrity. But do you know why? It is because on the elephant's forehead, where the goad may reach it handily, an open sore, a dreadful open sore, is kept. The sore, prodded, causes the elephant exquisite pain, and he naturally obeys with strange readiness the man who makes him suffer so. Whenever you hear a traveler talk of the mahout's affection for his elephant ask the speaker if he ever noticed the running sore on the elephant's brow."—Exchange.

A Grape Growing Spectacle.

The grape of grapes for the table is grown in Belgium and under glass, says the London Globe. It is in no Arcadian rustic spot that this ideal culture flourishes, but in the wide awake metropolitan suburb of Hoezlaert, near Brussels. Here there is a whole region of glass—nothing but glass over a wide vista. The spectacle is one of the shows of the country, for amateurs and sightseers alike. A good many lovers of table fruit whose interest in the subject extends no further than the dessert stand will probably be surprised to learn that it is from no native hothouse, but from Hoezlaert, that the great fruiterers in London, Paris, the Riviera, Vienna, Berlin, St. Petersburg and, mirabile dictu, even New York receive the bulk of their winter supplies. Every Friday hundreds of chests of choice fruit, admirably packed, are dispatched to the United States alone.

Foraker and Taft are at least calling attention to Ohio as the mother of Presidents.

So far, Senator Foraker has not laid the blame on the President for the Ohio floods.

The retort courteous would be that tennis itself is a game which is played by mollycoddles.

The recent flurry in Wall street has thrown a great many second-hand automobiles on the market.

Nicaragua continues to win victories, but the press reports are still shy as to the casualties resulted.

Rhode Island is exercised in a contest over electing a man to say "Me too" to Senator Aldrich.

Philadelphia feels a little better since the San Francisco evidences of contentment with corruption.

Of course Senator Burton will try to get even with the President, but his jail record is a disadvantage.

When those 800 Chicago boiler makers struck, the resulting silence must have been almost deafening.

Senator Cullom talks about President Harriman as if he had invested in those Chicago and Alton bonds.

The unkindest cut of all is from The New York Sun, which defines Wall street as a "celebrated gambling hell."

Governor Polk has called an extra session of the Legislature, but he can hardly keep it from adjourning again.

Senator Cullom will henceforth be classed as a radical. He believes that Harriman ought to be in the penitentiary.

The Chicago News suggests Taft and Fairbanks as a harmony ticket. A sort of "streak o' lean and streak o' fat" proposition.

Mr. Mellen's experience must not have been reassuring to the other railroad presidents, who expected to call on Mr. Roosevelt.

Chicago has just passed through the throes of a mayoralty contest, but New York doesn't know yet who was elected two years ago.

About the only thing that will now induce the President to run will be the intimation that his feet were too cold for a race with Mr. Bryan.

The unexpected seems to have happened in the case of Richard Mansfield and his leading lady. She is getting more advertising out of it than he is.

Dowie promised to return in 1,000 years "10,000 times more terrible." Perhaps his next attempt to reform New York may be attended with better results.

The California grand jury might save time by simply enumerating the things for which Ruef is not to be indicted and charge him with everything left in one blanket bill.

POLITICAL SENSATION.

The latest political exposure that has come to the surface shows that: Harriman, the railroad magnate, was a large subscriber to the Republican campaign fund in 1904.

President Roosevelt invited Harriman to come to Washington and asked him to raise money for the campaign, as it "could not be successfully carried on without sufficient money."

On the promise of President Roosevelt to appoint Senator Depew ambassador to France, Harriman did raise $200,000. The checks of the subscribers were given to Treasurer Bliss, of the Republican National Committee, and by him handed to Chairman Cortelyou.

This large sum "enabled the New York Republican State Committee to continue its work, with the result that 50,000 votes were turned in the city of New York alone."

These are the chief facts contained in a letter published by The New York World, April 1, which was written in December, 1905, by Harriman to Sidney Webster of New York, in which he describes his visit to Washington at the urgent request of President Roosevelt, about a week before the national election of 1904. The letter which The New York World says Mr. Harriman admits having written will create intense political interest all over the country, as it proves the statements of Judge Parker and the Democratic leaders that the corporations and trust magnates were subscribers to the Republican campaign fund and shows that large sums were used to corrupt the voters. It is plainly shown that President Roosevelt urged Harriman, the most unprincipled of the railroad magnates, to raise money to be used in New York and must have known that it was paid by the corporation managers who had evidently been given assurances of their interests being conserved as a quid pro quo. No denials or explanations can get away from the fact that the money was paid, for Harriman undoubtedly can prove that fact by the checks which were returned and marked paid.

These exposures are a serious blow to the political prestige of President Roosevelt and will undoubtedly have a great effect on future political events.

The germ chasers of the Department of Agriculture believe that they have at last got hold of a disease that will cause an epidemic among rats. This might seem at first sight a futile enterprise for serious minded government scientists to embark upon. But when one considers, it would be a mighty achievement, and would save the country not only much discomfort, but millions of dollars annually. The amount of damage rats do annually to grain in storage, to the stocks of storekeepers and householders, and the way that they spread disease, notably the bubonic plague, really amounts to millions each year. Trapping and poisoning do not keep them down. But when the rats or any other pests get too thick there is sure to appear a mysterious disease that sweeps them away by the thousand. The Department of Agriculture has been experimenting with rat diseases, and believes it has isolated the germ of this epidemic. It is thought to be both contagious and infectious, and if it can be propagated among the rats in any community, it will speedily clear them out. Experiments are now being made at the Department, and if the germs are all that is claimed for them, it will not be more than a season longer before the disease cultures can be distributed to the public, and any rat infested community can rid itself of the long tailed pests and be at perfect peace in that respect at least.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

One of the most interesting experiments in the world is likely to be tried in Washington in the near future. It is no less than the revival of the Langley flying machine experiments by the man who built the original machine. Of course this will create a smile among a good many skeptical people, but there is more than a fair chance that the machine will fly after all, and the Smithsonian officials are working quietly to give it a chance. C. M. Manley is the engineer who built the original engine for the great aereodrome. He built a 52-horse-power engine weighing much less than five pounds to the horse-power, after the contract had been declined by all the best builders of Europe. He was Prof. Langley's mechanical expert, and was the man who made the two abortive trials of the machine. Engineer Manley is just as firm in his faith as ever, and it is proposed to get the machine out, give it a thorough grooming, and another trial. Most people do not know that the machine was never really launched; and consequently never had a fair chance to try to fly. Two smaller models that Prof. Langley built did fly perfectly, and the big machine is an exact reproduction of them except in size. When it was tried on two occasions, there were unforseen hitches that caught the mechanism on the launching ways so that it was wrecked before it ever got into the air. Mr. Manley is convinced that if once properly set free, it will do all the smaller machines did. And if another trial can be secured for it, there is a possibility that America may after all be able to give France the laugh and carry off the palm of aerial navigation for which Santos Dumont is now making such a heroic effort.

Mr. Taft is a man of great poise—avoirdu-poise.

NEGRO CHARGES MISTREATMENT

Convict Makes Startling Statement in Open Court.

Americus, Ga., April 8.—While Judge Crisp was placing an additional sentence upon Gus Nelson, an escaped state convict and also an escape from the county chaingang, the negro broke into tears, and made a statement which may result in an official investigation of the Sumter officials of the Sumter county chaingang, from which so many escapes have recently been made.

Nelson declared that the recent numerous escapes were the result of alleged cruelty practiced upon the convicts. He stated to the court that pick handles and other similar instruments were used to beat the prisoners, and stated that the chaingang was ten times worse than the state penitentiary. He said that he made the statement in the interest of his fellow prisoners, although he was afraid of being killed for doing so.

Immediately letters were addressed to Judge Crisp to the county commissioners requesting impartial and thorough investigation of the methods of treating misdemeanor convicts and referring them to sections of the code relative to government of chaingang prisoners.

The state prison commission has the matter of the Sumter county authorities the immediate surrender of Nelson, who was an escaped penitentiary convict when sentenced to the county gang. Nelson has been working upon the public works here.

What Do They Cure?

The above question is often asked concerning Dr. Pierce's two leading medicines, "Golden Medical Discovery" and "Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the nasal passages, throat, bronchial tubes, stomach, bowels and bladder, curing a large per cent. of catarrhal cases whether the disease affects the nasal passages, the throat, larynx, bronchia, stomach (as catarrhal dyspepsia), bowels (as mucous diarrhea), bladder, uterus or other pelvic organs. Even in the chronic or ulcerative stages of these affections it is often successful in affecting cures.

The "Favorite Prescription" is advised for the cure of one class of diseases—those peculiar weaknesses, derangements and irregularities incident to women only. It is a powerful yet gently acting invigorating tonic and nervine. For weak worn-out, over-worked women—no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent medical authors, whose works are consulted by physicians of all the schools of practice as guides in prescribing, say of each ingredient entering into these medicines.

The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof they speak.

Both medicines are non-alcoholic, non-secret, and contain no harmful habit-forming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a substitute for one of these medicines of known composition, any secret nostrum.

Dr. Pierce's Pellets, small, sugar-coated, easy to take as candy, regulate and invigorate stomach, liver and bowels.

TWO WOMEN HURT BY BOLT.

The First One Struck by Lightning Thought To Be Dead.

Kingston, Ga., April 8.—The house of W. H. Griffin was struck by lightning Friday afternoon, shocking more or less the entire family, and almost demolishing one side of the building. Mrs. Griffin and her baby, Carl, aged 2 years, and her aunt, Mrs. A. J. Henderson, were sitting in the room that was worst damaged when the storm came. The siding was torn off the outside wall and plaster and debris thrown everywhere inside. Mrs. Henderson was thought at first to be dead, but in a while recovered consciousness, only to have one convulsion after another. The physician says she will recover. Mrs. Griffin's face and eyes were burned severely with the fluid.

The bolt struck the high pole at the exchange building, following the telephone wire to the house, melting it as it went, knocking a hole as big as a man's hat in the right corner of the front room to the right. It then ranged out to the next room, and tore off the weatherboarding, plaster, laths and broke every light in the windows. It then found its way to a lightning rod and entered the earth by that source.

Georgia Railroad Wins Case.

Conyers, Ga., April 8.—The Rockdale superior court has adjourned. There was but one civil case of note. This was Ed Christian, who had sued the Georgia railroad for $5,000 to atone for arresting him as one of the boys who had run an engine away from the depot, and left it a quarter of a mile up the railroad on the main track. But for the delay of the night train, a terrible tragedy would have resulted. A verdict was given in favor of the railroad. There were some forty cases on the criminal docket. The culprits were all negroes, charged with various petty offenses.

Just Because

Your cough is only in the throat and does not trouble you now, don't think that it needs no attention. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia, bronchitis and consumption. A bottle of Ballard's Horehound Syrup will cure that cough. The price puts it within reach of all. Sold by W. M. Johnson.

Webster Still Unconscious.

Kansas City, April 8.—T. C. Webster, who was taken ill on an eastbound train here on Monday last and removed to the city hospital, was still unconscious Saturday. He has not spoken for five days. The physicians have fully decided he is suffering from acute melancholia. He was on his way from Idaho to Gainesville, Ga., when stricken.

Junius Yerger Acquitted.

Jackson, Miss., April 8.—Junius Yerger, a member of one of the most prominent families in this state, was acquitted of the charge of murdering Luther Gaille about a year ago. The case created a sensation. In a former trial the jury failed to agree.

MR. BAIRD TO VOTERS OF GAINESVILLE

APRIL 8TH, 1907.

TO THE VOTERS OF GAINESVILLE:

The Municipal League have caused to be published and circulated during the past two days many misleading statements for the purpose of confusing your minds at this late hour.

We do not think it necessary to enter into any defense of the acts of our City Officials, especially those of the Board of Public Works, which is composed of some of our most honored and trusted citizens. We do not believe there is an *honest voter* in Gainesville who questions for one moment the honest and faithful administration of that Board, composed of H. F. Dutton, W. W. Hampton, H. E. Taylor, S. J. Thomas and Watson Porter. These men have lived among us for many years and up to the time of the publication of unsigned insinuations by the Publishing Committee of the Municipal League, there has never been a breath of scandal against any of them. Their books and records have been and are at all times open for inspection and each of these gentlemen is under a heavy bond for the faithful performance of duty and the proper accounting for city funds. If the Publishing Committee really desire to do the people of Gainesville a great service, if they really believe what they insinuate, why do not they induce their legal advisers to institute proceedings of law against these gentlemen for any violation or breach of trust which they may have committed? They well know that no action could be maintained. Every fair-minded citizen knows well that these gentlemen have sacrificed much of their valuable time and patience in an *honest effort* to assist in the upbuilding of a city of which we may all be justly proud. They also know that these gentlemen serve the citizens of Gainesville without receiving one cent compensation and it is but little short of an outrage that these men, who from purely patriotic motives serve a people honestly and well, should be thus assailed at this late hour by a few men, serving as a committee, unwilling and ashamed to sign their names.

In this connection we desire to call your attention to the *Declaration of Principles* adopted at a Public Mass Meeting, duly advertised and held in the Court House on March 18, at which time there were present between 400 and 500 leading and influential citizens, interested in the future moral and material welfare of the city. At this meeting a full ticket was nominated—not by a committee, but by the assembly in the open meeting. The candidates whose names appear on the within ticket with an X mark before are pledged to these principles and *we urge and sincerely trust* that every voter who is concerned in the future of Gainesville, who loves fair play and honorable methods in politics, will see to it at the polls on tomorrow, that the promoters of the Municipal League receive the rebuke they deserve.

We wish to emphasize the fact that we realize a number of good citizens were induced by *misrepresentation of facts* on the part of some of the leaders of the Municipal League, to become associated with them and *we do not* hold this better element responsible for the acts of the leading spirits. In fact many of the sympathizers of the League, we are reliably informed, have withdrawn their support from it and will vote the Administration Ticket.

Declaration of Principles.

Be it Resolved:

1. That we favor a safe, economical and business like administration of the affairs of the city.

2. That we heartily approve of a strict and impartial enforcement of all laws and ordinances intended to provide for, promote or preserve the peace, happiness, safety or morals of the community.

3. That we are fully convinced that driving the open saloon from our city has wonderfully improved its social, moral and financial condition; that we most heartily favor the utmost possible vigilance and rigor in suppressing blind-tigers, houses of prostitution and gambling dens, and that we pledge our utmost endeavor to make and maintain a clean city to which patrons of the University of Florida need not be afraid to send their sons.

4. That we are heartily in favor of municipal ownership of public utilities, and are convinced that the profits from the water and light plants would amply suffice to create a sinking fund sufficient to retire the bonds at maturity, and in the meantime provide water, light and power to our citizens much cheaper than are now being furnished in any city dependent upon private ownership for those public necessities.

5. That we favor permanent public improvements as rapidly as the funds of the city will warrant, and believe that in the years to come the beauty and permanent character of the improvements being made and contemplated, will stand as lasting monuments to the wisdom and business sagacity of the officers who have done so much toward making our surroundings attractive to those people desiring to locate in a progressive city.

6. We also favor an arrangement by which any property holder, who feels unable to pay cash for the improvements which may abut his property, may be allowed to pay the same in four equal annual installments, together with six per cent interest.

E. BAIRD.

S.S.S. PURIFIES THE BLOOD

As every part of the body is dependent on the blood for nourishment and strength, it is necessary that this vital fluid be kept free from germs, impurities and poisons. As long as it remains uncontaminated we are fortified against disease and health is assured; but any humor or impurity acts injuriously on the system and affects the general health, or culminates in some special blood disease. Pustular eruptions, pimples, rashes and the different skin affections show that the blood is in a feverish and diseased condition as a result of too much acid, or the presence of some irritating humor. Sores and Ulcers are the result of morbid, unhealthy matter in the blood, and Rheumatism, Catarrh, Scrofula, Contagious Blood Poison, etc., are all deep-seated blood diseases that continue to grow worse as long as the impurity or poison remains in the circulation. Some persons are born with an hereditary taint in the blood and we see the effect manifested in various ways. The skin has a pallid, waxy appearance, the eyes are weak, glands in the neck often enlarged and usually the body is not fully developed or strong, because it has always been fed on weak, impure blood. In all blood troubles S. S. S. has proved itself a perfect remedy. It goes down into the circulation and removes all poisons, humors, waste or foreign matter, and makes this stream of life pure and health-sustaining. Nothing reaches inherited blood troubles like S. S. S.; it removes every particle of taint, purifies and strengthens the weak, deteriorated blood, supplies it with the healthful properties it needs and establishes the foundation for good health. Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison and all blood diseases and disorders are cured permanently by S. S. S. It is made entirely of roots, herbs and barks, and is the King of all blood purifiers. Book on the blood and any medical advice desired sent free.

Launch Stranded on Beach.

Jacksonville, Fla., April 8.—The sixty-foot, two-masted launch Charlotte Casse, said to be owned by Paul Casse, Wilmington, N. C., was found stranded on the beach sixteen miles below Pablo Beach with no one on board. It is believed that her owner and party were aboard for a cruise, and ran into the severe gale of a few days ago, washing them overboard. The discovery of the launch was reported to the British vice consul here.

Why

Have a torpid liver when Herbine, the only liver regulator, will help you? There is no reason why you should suffer from dyspepsia, constipation, chills and fever, or any liver complaints, when Herbine will cure you. F. C. Waite, Westville, Fla., writes: "I was sick for a month with chills and fever, and after taking two bottles of Herbine am well and healthy." Sold by W. M. Johnson.
